Summary

Web designer looking to bring my creative and problem-solving skills to your company. Not only can I design the visual elements of your website but I am also skilled with coding and debugging.

Skills

- Proficient in HTML and CSS
- Experienced with Adobe Suite (Flash, Illustrator, Photoshop, Dreamweaver, etc.)
- Skilled with ActionScript (Flash) and Lingo (Director)
- Familiar with both Microsoft and Apple operating systems
- Experienced with Microsoft Office
- Some knowledge of JavaScript and PHP

Employment

- 2015 **I Love Doing Websites** Intern
Duties include web design, graphic design, and coding.
- 2006-2007 **Next Door Coffee House** Barista
Duties include preparing coffee beverages, operating the cash register, and customer service.
- 2004 **Curtain Exchange** Owner's Assistant
Duties include altering curtains, sketching drawings for clients, creating window displays, and organizing inventory

Education

- 2010-2015 **The Art Institute of Houston** Bachelor of Fine Arts degree
- Program: Web Design and Interactive Media
 - GPA: 3.8
 - Classes include web design, graphic design, and digital media
- 2003-2004 **Loyola University New Orleans**

Other

Volunteer experiences include helping at Good Will, a day care center, and with prospective students of my high school. I graduated high school in Australia with half-colors, a type of honors.
